November 9, 2009

FOR IMMEDIATE RELEASE

Kinship, Incorporated, a non-profit agency nestled in the Erie Metro Parks, provides a safe, neutral, home-like environment for supervised visitation and exchange of children and their non-custodial parents. Most of the children participating in our program have experienced some sort of trauma such as from divorce, separation, child abuse, neglect or witness to domestic violence.

Kinship, Incorporated is proud to announce the receipt of \$20,000 from the Sam S. and Rose Stein Foundation and \$10,000 from the Frost-Parker Foundation. Kinship plans to use the grant dollars for visitation services of children who want and need to continue their relationship with their non-custodial parents. Kinship has received money from these caring foundations to help families who have lost the means to pay for supervised visitation and exchange services. If you would like to sponsor a family please send your tax deductible donation to KinShip House at 3920 Perkins Avenue, Huron, Ohio 44839-1059. Any amount you give will help families pay for weekly visitations or exchange services.
